

GROUND CARE ENGINEER

**We are currently recruiting for our
Hexham/Bowburn Depots**

This is a fantastic opportunity to join arguably the leading professional groundcare business in the North of England and South West Scotland. You will work as part of a busy team with a fantastic reputation for customer service and backup on a wide range of professional groundcare equipment for golf clubs, councils, caravan parks etc. You will play a key role in the service, repair and fault diagnosis on customers machines both on and off site as well as preparing both new and used machines for delivery.

We will provide a comprehensive training package with all our main suppliers, including the full product range offered by Ransomes Jacobsen and Iseki as well as other leading franchises. You should be a team player with the ability to operate on your own initiative.

Ideally you will have some experience of the groundcare industry or have suitable transferable engineering skills.

You will be working for one of the leading professional groundcare business in the country, as part of a friendly team backed by extensive product training.

We offer a very competitive salary, bonus structure, pension, staff uniform, paid sick leave as well as a service vehicle, laptop and all the technical equipment the job requires.

For a confidential discussion please contact Alan Brown on 07774 248851 or alternatively please email your CV to careers@rickerby.net
