

We are recruiting  
at Winchester

# PARTS ADVISOR

OLIVERS are a long standing family business celebrating 200 years of experience this year.

You will play a vital part in supporting the full line of CLAAS machinery and other key franchise equipment. The ideal candidate will have excellent communication skills and be well organised. The role will involve ordering and despatching parts to support both the customer base and engineers in our Service department.

You will regularly liaise with and speak to other departments as well as our franchise partners, playing a vital role in the company's success by ensuring our customers receive the very best care and service. You should preferably have some agricultural machinery

experience ideally in a parts environment, but not essential, and be able to work both on your own initiative and as part of a team.

As a forward thinking and expanding business, allied to leading global agricultural manufacturers, OLIVERS offers stability and career progression for the right candidate. Please contact us today to explore your opportunities.

In the first instance please Email your CV and short covering note outlining why you feel you have the suitable attributes for this position to:

**Anna Barnes, Group HR Director**
