

DIGITAL SOLUTIONS SPECIALIST TRAINEE

We are currently recruiting to join the HAMBLYS team based at Launceston.

This position will be supporting our sales team with professional demonstrations and installation of cutting-edge agricultural machinery and technology.

The successful candidate will work with customers to optimise their machinery and support integration with the CLAAS connect digital platform.

Your main responsibility will be to help provide sales and technical support for our range of Equipment and Digital Solutions throughout the HAMBLYS territory.

The successful candidate will possess excellent communication and IT skills, be self-motivated and present a professional image to the customer.

Industry leading training will be provided both in-house and by the CLAAS Academy. In addition, a personal development plan will be put in place for the right candidate, allowing you to grow into the position of Digital Solutions Specialist.

We offer an excellent remuneration package including a performance related incentive scheme.

Call Steve Perryman, Sales Director today on 07967 650357 or e-mail s.perryman@hamblys.com
