

Lacing up for charity

The Wilberfoss
5km run

"We at CLAAS Wilberfoss are doing a 5km run from CLAAS Wilberfoss around the village on the afternoon of the **23rd December** for charity. We are aiming to raise £500 to be split equally between Winston's Wish and York against cancer.

We did this for first time last year and raised over £500 for York Mind so decided to do the run again. There are four of us doing it this year (Rob, Phil, Carl and Archie), as well as Ben Croft who is currently working at CLAAS in Lake Bolac, Australia - who has assured us he will be doing the run out there!"

It is easy to donate, just scan either of the 2 QR codes below, which will direct you to the donation pages!
