# LEMKEN

NEW

£POA

## LEMKEN KORUND 8/600 K MAR

Year: 2023 Stock No: LE-524563

The Korund seedbed combination is characterised by particularly good levelling, loosening and grubbing with a high degree of surface coverage. Its capacity, due to its various tine options, is demonstrated in professional potato or maize cultivation.

NEW

£POA

## LEMKEN KARAT 10/400 KA 2 X PDW, FRONT DISCS

Year: 2024 Stock No: LE-531537

**Low-draught and blockage-free for shallow and deep stubble cultivation.**

The Karat 10 three-beam cultivator reveals its efficient design at first glance: The tines are arranged symmetrically about the towing axle, making the machine extremely low-draught and ensuring intensive mixing at the same time.

EX DEMO

£19,000

## LEMKEN POLARIS 16/3200

Year: 2023 Stock No. LE-23KD03301

**Maximum precision and superior efficiency**

The Polaris fertiliser spreader features a comprehensive range of smart features such as intelligent electronic assistance systems for maximal spreading precision and flexibility. Its variable tank sizes and full ability to control all systems from the comfort of the cab ensure maximum operator comfort. The Polaris delivers ultimate efficacy with superior efficiency on large fields.

EX STOCK

£13,900

## LEMKEN TAURI 12/3000

Year: 2023 Stock No. LE-23AE11304

**Large spreading distance for high efficiency**

With its larger tank and longer spreading distances, the Tauri fertiliser spreader is particularly well suited for use in mixed and livestock farming businesses. The automatic weighing system (Tauri 12) provides for even application and ensures the efficient use of fertiliser.

All prices subject to VAT. Standard CLAAS Eastern T&Cs apply (available on request). Machines subject to availability.

**LEMKEN RUBIN 10/600 KUA  
2 X DPW-540/540**

Year: 2023 Stock No. LE-529635

The Rubin compact disc harrow guarantees intensive, uniform mixing of organic matter and soil to a depth of approximately 14 cm. It's high weight guarantees penetration, even under hard conditions, and therefore reduces moisture loss from evaporation. This makes the Rubin highly suitable for shallow, reliable stubble cultivation at high working speeds using a 645mm diameter Disc.

All prices subject to VAT. Standard CLAAS Eastern T&Cs apply (available on request). Machines subject to availability.

# Combine Service Special Offers

## 250 Point Check

Our highly skilled CLAAS Eastern service engineers will ensure that your harvesting machine is ready for the season ahead with our thorough 250 point check.

You're in good hands with CLAAS Eastern.

### Power Train

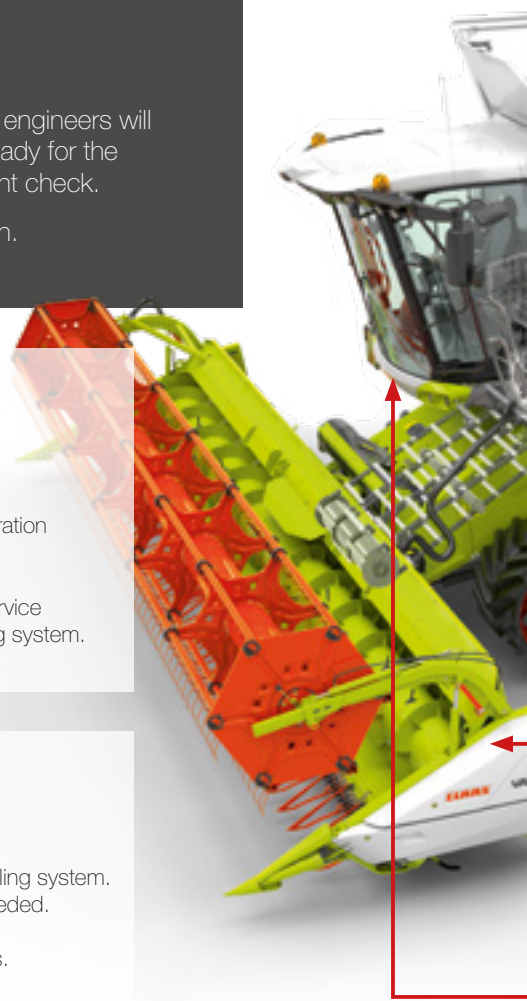

Inspect for any damaged components.  
Check condition and operation of the ground drive system.  
Ensure all tyres are properly inflated as per the Operation and Maintenance Manual.  
Ensure tracks are free from splits/damage.  
Ensure the proper operation of the transmission, service brakes, park brakes, powered rear axle and steering system.

### Systems

Inspect for any damaged components.  
Check condition and operation of threshing system, separation system, cleaning system and grain handling system.  
Repair or replace any damaged components as needed.  
Replace wear components as needed.  
Lubricate all serviceable bearings and grease points.

**Contact us today to book yours in and get Harvest ready.**

[eastern.claas-dealer.co.uk/contact-and-locations](http://eastern.claas-dealer.co.uk/contact-and-locations)

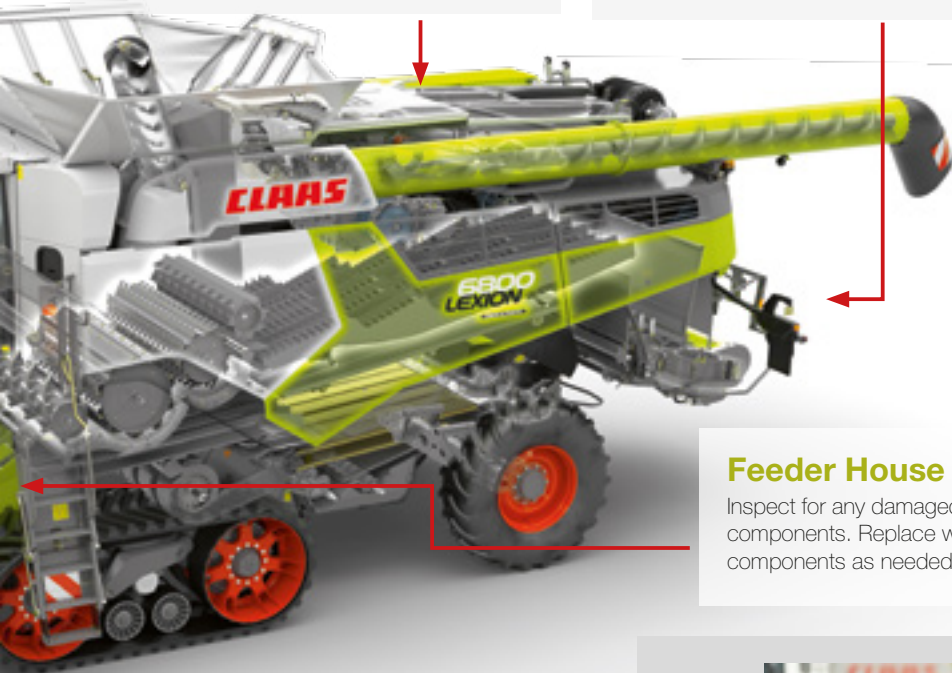

## Engine and Drives

Inspect for any damaged components. Check condition and operation of the engine. Ensure the engine, fuel system, cooling system, air conditioning system and air filtration system have been serviced as per the operation and Maintenance Manual.

## Residue Management

Inspect for any damaged components. Check condition and operation of the chopper, spreader and chaff spreader. Repair or replace any damaged components as needed. Replace wear components as needed.

## Feeder House

Inspect for any damaged components. Replace wear components as needed.

## Cutterbar

Inspect for any damaged components. Replace wear components as needed.

## Cab and Central Electrics

Check for proper operation of all functions and controls in the cab. Ensure that the Central Electric compartment is clean and free of any moisture or foreign material.

CLAAS EASTERN has a great team of really knowledgeable people with the parts stock to back them up.

Paul Herbert. G R Herbert & Sons,  
County Durham. TRION 730.

**CLAAS**

# LINER

Over 20 years' experience.

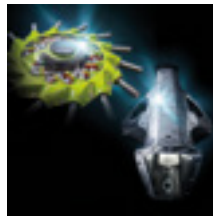

#### **Quality**

Fully floating cardan suspension and largest tyres on the market.

#### **Efficiency**

Mechanical drive and double telescopic function. Operational from your cab.

#### **Reliability**

Tried-and-tested rotor drive assembly and force absorbing main frame.

#### **Comfort**

LED work lights and tidily stowed hydraulic hose connections.

### **CLAAS LINER four-rotor swathers**

With working widths of 9.30-15.00 m, LINER four-rotor swathers form the perfect swath every time. It's a breeze to hook up to your tractor and so comfortable you could forget it's behind you.

Visit [claas.co.uk](http://claas.co.uk) or contact **CLAAS EASTERN** for a demo.
