

**NEW** for 2020

Leeb PT

We can't meet you at Cereals but you can still see our latest innovations.

[www.horsch.com/en/news/virtual-stand](http://www.horsch.com/en/news/virtual-stand)

We're sorry we won't meet you at the Cereals Event this year but that doesn't stop you seeing the latest HORSCH machinery at our virtual stand.

The **Leeb 6.300 PT** self-propelled sprayer would have had its UK première. Also on show, the updated **Joker RT** cultivator and 12m **Avatar SD** direct drill bring greater productivity to your farm.

Our new **Hybrid Farming System** combines the best practices of organic farming and conventional farming, and includes the new **Transformer VF** hoeing tool and **Cultro TC** double knife roller.

Visit our virtual stand to discover more about all our Cereals 2020 machines, speak to your local HORSCH dealer or call 01733 667895.
